PRESSEMITTEILUNG | PRESS RELEASE

Moody presents the new Moody DS41

Dear press partners,

just in time for the boot Düsseldorf, Moody presents its new deck saloon yacht: the Moody DS41. In proven tradition but equipped with latest technologies and design innovations, this unique yacht stands for a luxurious ambience and sense of space, usually only seen on multihulls.

“Living on one level” has always been Moody’s trademark and is now led to perfection with the DS41. Totally barrier-free and with an elegant deckhouse which 360-degree panoramic glazing provides a high-exclusive living comfort.

Saloon and cockpit are easily combined with the space-saving PATIO PUSH & SLIDING DOOR: uncompromising top design meets aesthetic extravagance!

While the navigation table also serves as the interior helmstand, up to 5 persons can be seated around the huge saloon table.

Below deck the exquisite owners-cabin offers an ensuite bathroom, a three-door wardrobe as well as huge windows in deck and hull, providing the room with a maximum of natural light. The guest cabin also can have its own bathroom.

In line with our finest traditions the DS41 is setting benchmarks for safe and sporty sailing. The originally by Moody developed walk-around deck, the high freebord and the double forestay guarantee safety and comfort, while the high rig together with the sailplan of 83 m² offer best conditions for an impressive sailing performance.
