

## Press Release

Wednesday, November 6th 2024

### HANSEYACHTS CONFIRMS EXHIBITION AT BOOT DÜSSELDORF 2025

#### Focusing on Fjord as one of HanseYachts powerhouse brands at the show

In partnership with Messe Düsseldorf, HanseYachts reviews the set-up of its brands at boot Düsseldorf annually. For the upcoming boot Düsseldorf show in 2025, we herewith announce that our motor yacht brand Fjord will be exhibited, while our brands Sealine, Ryck, Hanse, Dehler and Moody will not be exhibited at the show. While achieving record results in 2024 [see [Press Release](#) on latest HanseYachts results] HanseYachts remains cautious in view of a still normalizing demand for yachts.

As of now, visitors of the boot Düsseldorf can register through [fjordboats.com](http://fjordboats.com) to make personal appointments at the Fjord booth in Hall 5. The Fjord range is being completed with two new models: the F490 open, which will be first presented during spring 2025, and the F39XL which has been launched recently. Visitors of the coming boot Düsseldorf show will have access to our best-selling model F41XL on exhibition.

Appointments with HanseYachts brands that will not be exhibited at boot Düsseldorf 2025 can be made through the respective brand websites. Both German showrooms of HanseYachts in Bernau and in Greifswald at the shipyard are open for visits and live demonstrations. Equally, our international dealerships will be glad to take appointments on request through our brand websites.
